About Us

Grazitti Interactive, a global digital leader since 2008, enables business transformation through strategic consulting, implementation, AI, and cloud innovation services and products, like SearchUnify and Sinergify.

Our offerings leverage cutting-edge technologies like Generative AI and best-in-class cloud products to drive sales, enhance customer engagement, and provide exceptional support for our customers. With offices in the US, India, Australia, Canada, and Singapore, we cater to Fortune 100 companies, non-profits, government agencies, and medium- to small-sized enterprises.

Our Global Presence
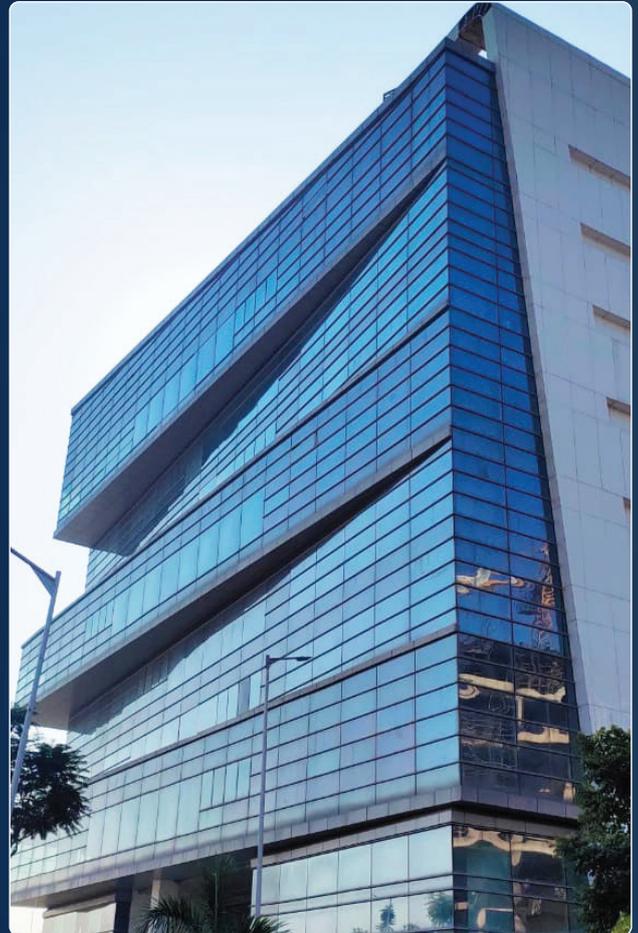

Artificial Intelligence at Grazitti

AI-not a passing trend but the norm! Our strategic foresight and technical expertise have enabled customers to make AI a part of their day-to-day operations. Be it predictive analytics, Salesforce Einstein, or implementing our AI-based search solution, SearchUnify—we're the preferred AI partner for several startups & Fortune 500 companies.

Achieve Success With Technology

With our extensive knowledge and expertise in all facets of technology, you can optimize current business processes and generate more ROI. From discovery to implementation, user adoption, and more, we've got you covered!
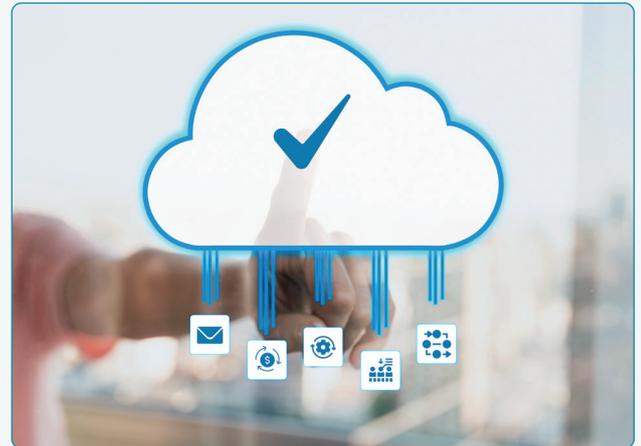

Customer Relationship Management

We streamline sales and service processes to enhance the complete customer journey. We manage and analyze your data, seamlessly integrate platforms and improve sales efficiency.
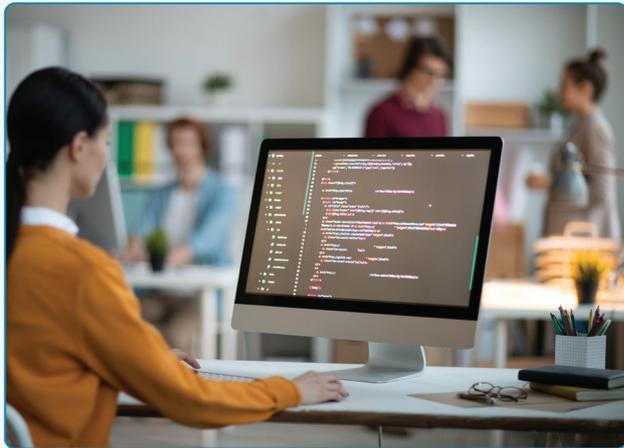

Web & Mobile App Development

We build secure and customizable web applications, responsive websites, and other digital assets to enable you to make a lasting digital impression.

Marketing Automation

We help you achieve marketing success by using the right marketing automation tools and techniques.

Online Communities

We build, migrate, gamify, and design dynamic customer, partner, employee, and developer communities.

Analytics

We turn data into business insights by leveraging advanced techniques such as data mining, data blending, descriptive & diagnostic analytics, prescriptive analytics, and in-database analytics.
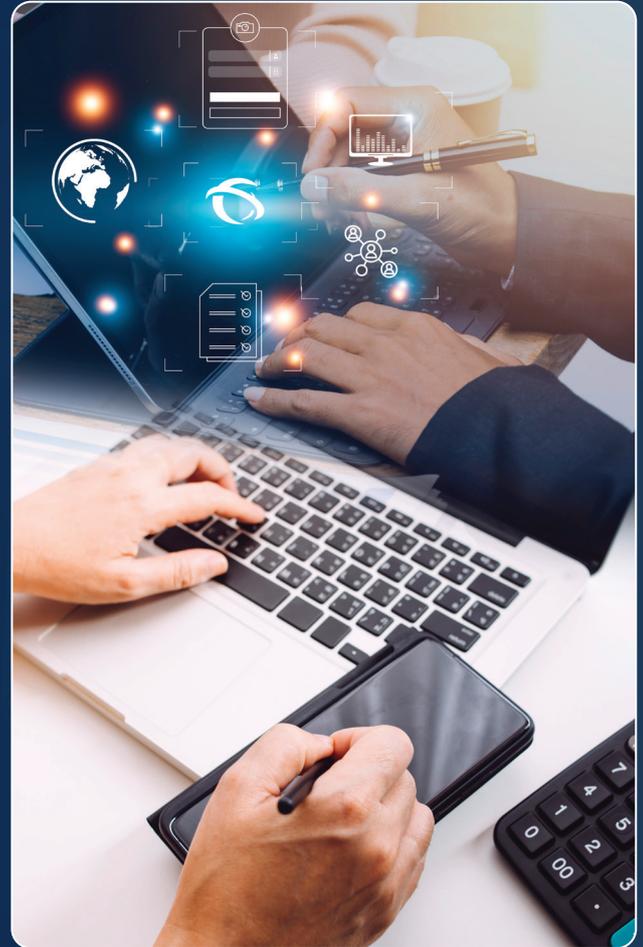

Quality Assurance

We follow a holistic approach to making your digital ecosystem bug-free, secure, and optimized for performance.

Design

We take an intelligent and intuitive approach to ensure that every element is in place to develop responsive and engaging design.

Digital Marketing

We create highly-engaging and effective digital marketing strategies to enable you to achieve business goals with ease.

SearchUnify

A leading unified cognitive platform that powers enterprise search and fuels a suite of AI applications for a future-proof customer self-service and support strategy.
